links	Array of all app links and the default share link	string
pages	Array of survey pages. See SurveyPage Returned Fields for more info.	array

Example Returns (.debug format)

- [GetList Return Example](#)
- [Get Survey Return Example](#)

- Create Survey Return Example
- Update Survey Return Example
- Delete Survey Return Example

GetList Return Example (json format):

```
{
  "result_ok": true,
  "total_count": "1461",
  "page": 1,
  "total_pages": 30,
  "results_per_page": 50,
  "data": [
    {
      "id": "1234567",
      "team": "433737",
      "type": "Standard Survey",
      "status": "Launched",
      "created_on": "2017-04-24 10:44:23",
      "modified_on": "2017-04-24 10:58:20",
      "title": "Survey",
      "statistics": {
        "Partial": 4,
        "Complete": 2
      },
      "links": {
        "edit": "[Link to Build Tab]",
        "publish": "[Link to Share Tab]",
        "default": "[Default Share Link]"
      }
    },
    {
      "id": "1234568",
      "team": "433737",
      "type": "Standard Survey",
      "status": "Launched",
      "created_on": "2017-04-24 09:53:01",
      "modified_on": "2017-04-24 09:53:55",
      "title": "Survey",
      "statistics": {
        "Partial": 1
      },
      "links": {
        "edit": "[Link to Build Tab]",
        "publish": "[Link to Share Tab]",
        "default": "[Default Share Link]"
      }
    }
  ],
}
```

GetSurvey Return Example (json format):

```

{
  "result_ok": true,
  "data": {
    "id": "1234567",
    "team": [
      {
        "id": "433737",
        "name": "Team 2"
      }
    ],
    "type": "Standard Survey",
    "status": "Launched",
    "created_on": "2016-04-29 13:20:20",
    "modified_on": "2017-04-21 11:11:15",
    "forward_only": false,
    "languages": [
      "English"
    ],
    "title": "Survey Title",
    "internal_title": "Survey Title",
    "title_ml": {
      "English": "Survey Title"
    },
    "theme": "110045",
    "blockby": "NONE",
    "statistics": {
      "Partial": 102,
      "Disqualified": 1,
      "Complete": 201
    },
    "overall_quota": null,
    "auto_close": null,
    "links": {
      "default": "[Default Share Link]"
    }
  },

```

The remainder of the survey get object return is an array of survey pages.
See the SurveyPage object for more.

Create Survey Return Example (.json format):

```

{
  "result_ok": true,
  "data": {
    "id": "1234567",
    "team": [
      {
        "id": "406257",
        "name": "Team 1"
      }
    ],
    "type": "",
    "status": "Launched",
    "created_on": "2017-04-24 18:12:54",
    "modified_on": "2017-04-24 18:12:54",
    "forward_only": false,
    "languages": [
      "English"
    ],
    "title": "Survey",
    "internal title": "Survey",

```

```

"title_ml": {
  "English": "Survey"
},
"theme": "110045",
"blockby": null,
"statistics": null,
"overall_quota": null,
"auto_close": null,
"links": {
  "default": "[Default Share Link]"
},
"pages": [
  {
    "id": 1,
    "title": {
      "English": "(untitled)"
    },
    "properties": {
      "hidden": false
    },
    "description": [],
    "questions": []
  },
  {
    "id": 2,
    "title": {
      "English": "Thank You!"
    },
    "properties": {
      "hidden": false
    },
    "description": [],
    "questions": [
      {
        "id": 1,
        "base_type": "Decorative",
        "type": "INSTRUCTIONS",
        "title": {
          "English": "Thank you for taking our survey. Your response is very important to us."
        },
        "shortname": null,
        "varname": [],
        "description": [],
        "has_showhide_deps": null,
        "comment": null,
        "properties": {
          "hidden": false,
          "map_key": "instructions"
        },
        "options": []
      }
    ]
  }
]
}

```

The remainder of the survey create object return is an array of survey pages. See the SurveyPage object for more.

Update/Copy Survey Return Example (json format):

```

{
  "result_ok": true,
  "data": {
    "id": "1234567",
    "team": [
      {
        "id": "406257",
        "name": "Team 1"
      }
    ],
    "type": "",
    "status": "Launched",
    "created_on": "2017-04-24 18:12:54",
    "modified_on": "2017-04-24 18:12:54",
    "forward_only": false,
    "languages": [
      "English"
    ],
    "title": "Survey",
    "internal_title": "Survey",
    "title_ml": {
      "English": "Survey"
    },
    "theme": "110045",
    "blockby": null,
    "statistics": null,
    "overall_quota": null,
    "auto_close": null,
    "links": {
      "default": "[Default Share Link]"
    },
    "pages": [
      {
        "id": 1,
        "title": {
          "English": "(untitled)"
        },
        "properties": {
          "hidden": false
        },
        "description": [],
        "questions": []
      },
      {
        "id": 2,
        "title": {
          "English": "Thank You!"
        },
        "properties": {
          "hidden": false
        },
        "description": [],
        "questions": [
          {
            "id": 1,
            "base_type": "Decorative",
            "type": "INSTRUCTIONS",
            "title": {
              "English": "Thank you for taking our survey. Your response is very important to us."
            },
            "shortname": null,
            "varname": [],
            "description": [],

```

```
        "has_showhide_deps": null,  
        "comment": null,  
        "properties": {  
            "hidden": false,  
            "map_key": "instructions"  
        },  
        "options": []  
    }  
]  
}
```

The remainder of the survey update object return is an array of survey pages.
See the SurveyPage object for more.

Delete Survey Return Example (.json format):

```
{  
  "result_ok": true  
}
```
