

# Account Object v5

Last Modified on 10/12/2020 7:00 pm EDT |

The GET LIST call is the only call available for the Account object. Resellers can create new accounts (contact sales@sgizmo.com to learn more).

GET LIST - Get details regarding your Alchemer account.

*Get requests will cache for 60 seconds. If you make repeated API get requests that are identical, the return will be cached and will thus return identical results.*
