Delete Account Team

Deletes a specified team from your account. This action is permanent and cannot be undone.

Endpoint

DELETE v5/accountteams/{team_id}

Requires authentication

Path Parameters

The team to delete.

team_id

string

required

The ID of the team to delete.

Query Parameters

All query parameters are optional.

reassign

integer

The ID of another team to reassign the deleted team's surveys to. If not provided, Alchemer will automatically assign the surveys to an available team.

Response

Returns a status object confirming the deletion.

result_ok

boolean

Whether the request succeeded. Returns `false` if the team could not be deleted, along with a `code` and `message` describing the error.
